KPMG. Hazem Hassan & Co. (Public Accountants & Consultant)

Egypt - Cairo

From 15 / 11 / 1992 till 12 / 12 / 1999

Deputy Audit Manager

During that period, I held several positions, the latest was deputy Audit Manager in 1997.

As an external auditor my duties & Responsibilities

- My duties as an external auditor progressed as a result of practical experience from performing planned audit procedures to the planning of engagement, review of work task performed by others and preparation of financial statements, addressing management weakness in controls system and recommendations as well as audit reports
- During my professional career, I have performed tasks of financial analysis for budgets and financial statements for companies of various activities, in addition to preparing cash flow charts. Comparing annual results with budgets, providing financial indicators risk assessment and comparing annual performance in view of other companies with similar activities.
- I participated in several management consultancy tasks during my work which included :
 - design and implementation of accounting and control systems.
 - Assessment of businesses
 - Special investigations
 - Review management information

As an internal auditor my duties were as follows:

- To Plan and supervise the performance of auditing professionals and other subordinates.
- To develop and update audit programs and checklist.
- To plan and monitor audit work schedules.
- To Ensure that accepted accounting and audit principles and policies are adopted.
- To evaluate the adequacy and efficiency of internal accounting procedures, operating systems and control systems.
- Developing and maintaining productive relationships with clients' management.
- Managing and planning external and internal audit assignments to a wide cross-section of business sectors.
- Performing engagement understanding and audit risks assessments, accordingly design how to respond and mitigate the identified audit risks.
- Providing training and facilitations to the audit staff about the audit standards, KPMG audit methodology, and IFRS
- Preparing audit proposals for the prospective clients and assignments.
- Participating in making key plans and decisions made within the firm.
- Managing and performing non-assurance services such as agreed-upon procedures engagements.
- Preparing group audit instructions for the audit supporting teams and reviewing their deliverables.
